INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Lincoln Glen Manor for Senior Citizens
San Jose, California

I have audited the accompanying financial statements of Lincoln Glen Manor for Senior Citizens, a California nonprofit, public benefit corporation which comprise the statement of financial position as of September 30, 2016, and the related statements of activity and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Board of Directors

NOTES TO FINANCIAL STATEMENTS
For the Year Ended September 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Lincoln Glen Manor for Senior Citizens was incorporated October 1, 1965 under the laws of California as a non-profit corporation for the specific purposes of providing housing for the aged. Subsequently, a new division was formed that currently provides skilled nursing services. In October 2001 a 31 unit Assisted Living Center was placed into service. A completely remodeled Central Manor with a new kitchen, dining area, chapel, offices and activity rooms were placed into service in late 2012 and a new Memory Care Center with 11 units was placed into service in December of 2012.

In 2015, the organization received approval to change their designation from the status of a Multiple Level Retirement Community (MLRC) to a Continuing Care Retirement Community (CCRC). In order to facilitate this change, a new entity was formed – Lincoln Glen Manor, LLC (a California nonprofit limited liability company). Lincoln Glen Manor LLC leases the independent, unlicensed residential living apartments and cottages from Lincoln Glen Manor for Senior Citizens, Inc. These financial statements include and consolidate all of the activity of Lincoln Glen Manor, LLC together with Lincoln Glen Manor for Senior Citizens.

Memberships

Lifetime memberships in the corporation are offered at \$500 per individual. Members are entitled to priority admittance to the organization's facilities and have certain other rights including electing the Board of Directors. The benefits and rights represented by the membership terminate at the death of the member.

Accounting Method

The facilities account for all transactions using the accrual method of accounting, whereby income is recorded when earned and expenses are recorded when incurred.

Financial Statement Presentation

The financial statements are presented in conformance with Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the projects are required to report information regarding the nature and amount of its net assets.

Property and Equipment

Property and equipment are stated at cost and are being amortized or depreciated over their estimated useful lives ranging from 3 to 40 years by use of the straight-line method.

Interest costs relating to construction in progress are capitalized. Capitalization of interest costs will cease when the construction is completed and the property is placed into service.

Income Taxes

There is no provision for income taxes, since the corporation is exempt under provisions of I.R.C. Section 501 C (3).

The Organization applied the income tax standard for uncertain tax positions. This standard clarifies the accounting for uncertainty in income taxes recognized in an organization's financial statements in accordance with the income tax standard. This standard prescribes recognition and measurement of tax positions taken or expected to be taken on a tax return that are not certain to be realized.

For the year ended September 30, 2016, there were no liabilities recorded for unrecognized tax benefits related to tax positions taken in the current year or past years and no accruals for interest and penalties related to uncertain tax positions.

The Organization files a United States federal tax return and a California state return. The tax years 2012 through 2015 remain open and subject to examination by the appropriate governmental agencies in the United States and California.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the statement of cash flows, all unrestricted investment instruments with original maturities of three months or less are cash equivalents. The organization has no cash equivalents at September 30, 2016. The organization maintains its cash balances in financial institutions, which at times may exceed federally insured limits. The organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

(A CALIFORNIA NONPROFIT, PUBLIC BENEFIT CORPORATION)
NOTES TO FINANCIAL STATEMENTS
For the Year Ended September 30, 2016

Investments

Investments in equity and debt securities are reported at fair value in the statement of financial position. Realized and unrealized gains and losses are recognized in the statement of activities.

Contributions

Contributions are recognized as revenue in the period received. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Contributions of assets other than cash are recorded at their estimated fair value at date of donation. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted support.

The Organization's policy is to report donor-imposed restricted contributions whose restrictions are met in the same period as received as unrestricted support.

Contributions of services are recognized when received if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. For the year ended September 30, 2016, there were no contributed services meeting the requirements for recognition in the financial statements.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, accounts receivable, prepaid expenses and accrued liabilities, none of which are held for trading purposes, approximate the fair value due to the short-term maturities of those instruments. The carrying amount of the note payable and bonds payable approximates the fair value.

Fair value measurement applied to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Organization emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

LINCOLN GLEN MANOR FOR SENIOR CITIZENS
(A CALIFORNIA NONPROFIT, PUBLIC BENEFIT CORPORATION)
NOTES TO FINANCIAL STATEMENTS
For the Year Ended September 30, 2016

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

Additionally, from time to time, the Organization may be required to record at fair value other assets on a nonrecurring basis in accordance with generally accepted accounting principles. These adjustments to fair value usually result from the application of the lower-of-cost-or-market accounting or write down of individual assets. Nonfinancial assets measured at fair value on a nonrecurring basis would include nonfinancial assets and nonfinancial liabilities measured at fair value in the second step of a goodwill impairment test, other real estate owned, and other intangible assets measured at fair value for impairment assessment.

The Organization also adopted the policy of valuing certain financial instruments at fair value. This accounting policy allows entities the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on an instrument-by-instrument basis. The Organization has not elected to measure any existing financial instruments at fair value; however the Organization may elect to measure newly acquired financial instruments at fair value in the future.

Healthcare Services Revenue

Healthcare services revenue includes room charges and ancillary services to residents and is recorded at established billing rates net of contractual adjustments resulting from agreements with third-party payors, if applicable.

Provisions for estimated third-party payors settlements are provided in the period the related services are rendered. Differences between the amounts accrued and the subsequent settlements are recorded in operations in the year of settlement.

Third Party Reimbursement Agreements

Medi-Cal

The Organization participates in the Medi-Cal program that is administered by the California Department of Health and Human Services Agency, Department of Health Services. The Department determines Medi-Cal rates for the facility every August 1. The rates are determined by re-basing all filed cost reports every three years.

The final rates are set from facility cost reports with minimum and maximum reimbursements calculated from peer facilities. Medi-Cal pays a flat daily rate which does not account for the acuity of the resident. The Organization must submit a cost report for each year based on its fiscal year. Rates derived from the above system are subject to retroactive adjustment by field audit.

Medicare

A licensed nursing facility which participates in the Medicare program for the year ended September 30, 2016 was reimbursed based on a Prospective Payment System (PPS). This program is administered by the United States Department of Health and Human Services. The PPS is a per diem price based system. Annual cost reports are submitted to the designated intermediary; however, they will not contain a cost settlement.

NOTE 2 – ASSETS WHOSE USE IS LIMITED

Assets whose use is limited includes assets restricted by bond indentures for construction and debt service. Assets are held by fiscal agents to be used only for specific bond projects, payments of long-term debt and maintaining required reserves.

The estimated fair value and costs of assets limited as to use at September 30, 2016 is as follows:

	<u>Cost</u>	<u>Estimated Fair Value</u>

PCRRG converted from a stock insurance company to a reciprocal insurance exchange effective December 31, 2007. The Organization accounts for its investment using the equity method.

The investment in PCRRG is \$137,864 as of September 30, 2016.

During the current year, the Organization invested collateral in a participation agreement with the Peace Church Workers Safety Program IC (A Reciprocal) (PCWSP) and Green Mountain Sponsored Captive Insurance Company, a sponsored captive insurance company organized under the laws of the State of Vermont. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirement, reimbursement for patient services, and Medicare and Medi-Cal fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers.
